

# HOW TO MAKE AN ORIGAMI FOX

Catching a glimpse of a beautiful furry fox is a real treat. But you don't need to wait to spot one; you can create your own with nothing but a piece of paper.

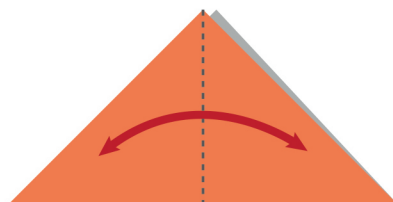

## YOU WILL NEED:

1x square of origami paper

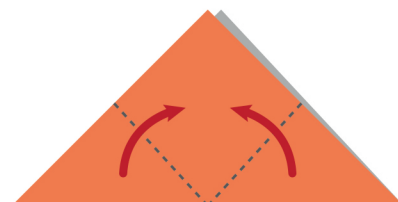

Sticker eyes (optional)

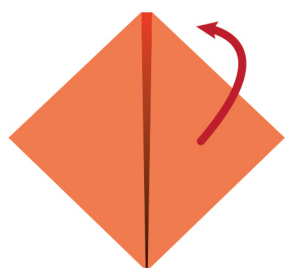

1. Take a square piece of paper and fold it in half diagonally

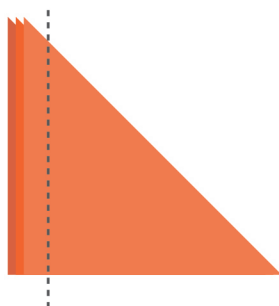

2. Fold the piece in half again to crease it.

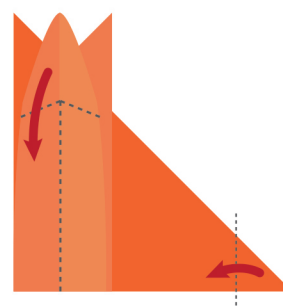

3. Fold the corners into the centre.

4. Fold the two halves in to make a triangle.

5. Fold the top layer over to make a flap (this will be the fox's feet)

6. Fold down to make a nose

**Well done!** Proud of what you've made? Ask an adult to share an image of your fox on social media - just use **#LittleLeaguers** to make sure we see it!

7. Now colour, paint or decorate your fox in whatever style you choose.
